International Business-to-Business Forum
for Avionics & Embedded Systems and Services

November 8-9, 2017

Phoenix, AZ, USA

www.usa.essmeeting.com

Organized by **BCI AEROSPACE**

Phoenix, AZ

Guaymas

What is Embedded Systems Suppliers Meeting Phoenix ?

ESSM Phoenix is a forum exclusively reserved for professionals active in the area of embedded electronics and related services. **ESSM Phoenix** brings together manufacturers, service providers and OEMs through pre-arranged one-on-one meetings.

ESSM Phoenix focuses on commercial and military aviation, space and UAVs and other sectors such as automotive and transportation. Arizona is a strategic place in the avionics world and boasts the presence of prominent industry players. This clearly offers tremendous business opportunities for OEMs looking for capabilities and vendors developing technologies.

Expected Key Figures

150 Companies   **10** Countries   **2000+** pre-arranged meetings
